

FRIETH VILLAGE HALL - COVID-19 Risk Assessment– 01 June 2022

The Frieth Village Hall COVID-19 Risk Assessment detailed below is provided to organisations which regularly use the hall as a sample so that they can use it as a template to produce their own Covid Risk Assessment as a document to be observed as part of the Special Conditions of Hire. It is intended as a supplement to a group's ordinary Risk Assessment.

Important Notes:

1. The COVID-19 Risk Assessment may need to be updated in the light of any new government advice that may be forthcoming.
2. This document should be read in conjunction with relevant legislation and guidance issued by government and local authorities.
3. Hirers must undertake their own Covid 19 Risk Assessment in advance of operating any session in the hall and shared with the Frieth Village Hall Management Committee (FVHMC)
4. The Frieth Village Hall Management Committee are using their best endeavours to keep hall users safe and cannot be held responsible for any errors or omissions, factual or otherwise, arising from reliance on it.

Area of Risk	Risk identified	Actions to take to mitigate risk	Notes
People attend hall who are vulnerable to Covid for medical reasons (eg immune-suppression) and/or non - vaccination. Those attending the hall may pass it on to relatives or friends in this category.	Vulnerable people may be in the hiring group or in the next hiring group using the hall. Caution among people who need activities owing to being isolated and need comfort they will be operated in a safe manner.	Make clear to group that they should not attend if they suspect they may have Covid, or had it within the last 6 days. Invite those attending to let you know if they are vulnerable so you can make arrangements to keep them safe from Covid.	See below.
Cleanliness of hall and equipment after your hire and other hires	Frequently used surfaces were not cleaned by previous hirer or hall cleaner. Hirer leaves hall without cleaning frequently used surfaces/tables etc.	Clean regularly used surfaces before, during and after hire e.g. tables, sinks, door and toilet handles.	Suggest continue to bring your own equipment
Managing Social distancing for people attending who may be vulnerable.	People who attend mingle with other individuals, causing concern. Risk of virus spread to those attending whole activity, instead of a small group.	Ask participants to wear face coverings with vulnerable people and in confined areas. Advise all attending to observe social distancing as far as possible with anyone they do not	Allow older people time to use toilets without others present. Avoid loud music/raised voices. For dancing or a crowded activity consider asking participants to take a lateral flow test that day.

FRIETH VILLAGE HALL - COVID-19 Risk Assessment– 01 June 2022

Area of Risk	Risk identified	Actions to take to mitigate risk	Notes
		<p style="color: red;">have regular contact with. Adopt layout advised. Limit numbers using toilets at same time.</p>
